Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

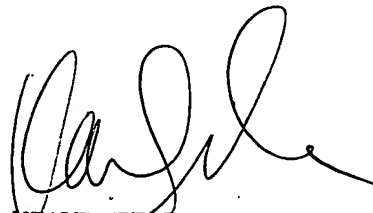

The T-QAS contacted Mr. Zoneraich to discuss some concerns about the instant application. First, it was discussed that the request to withdraw as atty filed 6/16/05 has not been decided and therefore, the practitioners associated with Cust. # 23526 (as per OATH filed 9/9/04) are still attorneys of record. It was also discussed that while the 9/9/04 oath appointed the attorneys associated with Cust. # 23526, this oath is silent as to a correspondence address. It was then discussed that the transmittal letter at filing identified Mr. Reeber of North Plainfield, New Jersey as the correspondence address; and furthermore that a petition decision on a Rule 1.47 issue mailed 10/20/04 raised the issue on the record as to clarification of the proper correspondence address. The petition decision states that if a change of address is required it should be filed in accordance with MPEP 601.03. A review of the file then finds the request to w/d as atty filed 6/16/05 which does not provide any new power but does reiterate a correspondence address to Mr. Reeber of North Plainfield, New Jersey; however, it should again be noted that this request has not yet been decided by Office of Petitions.

Next it was discussed that a non-final Office action was mailed 5/18/07 to Mr. Reeber at the correspondence address of record, but was returned as undeliverable. The reason for the return is unclear and no further change in correspondence address has ever been filed. A further review of the file does find an amendment and response filed 11/15/07 by Mr. James Allen; however a review finds that Mr. Allen does not appear to have a registration number and therefore does not appear to have authority to prosecute the application. Therefore, in accordance with MPEP 714.01(a), this amendment/response cannot be entered.

After noting the return of the non-final Office action and the response filed by a person who is not authorized to prosecute the application, the examiner has made numerous attempts to ascertain what is the proper correspondence address and to determine who in fact should have power of attorney to continue the prosecution. Mr. Zoneraich was notified that this communication is to notify him (as current attorney of record) that the improperly signed response filed 11/15/07 has not been entered; and that in accordance with MPEP 714.01(a), applicant still has time to either file a duplicate amendment properly signed or to ratify the amendment already filed in order to avoid abandonment of the instant application. He was further advised that because the Notice of Non-Compliant mailed 1/4/08 gives applicant 30 days to make corrections to the record, this time period continues to run and correction must be timely filed in response to the Notice of Non-Compliant Amendment mailed 1/4/08.

Mr. Zoneraich indicated that he is still in communication with the first named inventor, Oleg Logvinov, in other matters and that he will contact him to discuss this matter. It was discussed that a revocation with new power can be filed to clarify the record in the matter of both power of attorney and correspondence address; and that a properly signed amendment/response is required in response to the Notice of Non-Compliant.

Mr. Zoneraich was also asked to please advise the inventor that it is improper for any party who is not authorized to practice before the Office to file an amendment or response and that if the inventor knows Mr. James Allen, he should also advise him accordingly. See also MPEP 701.01(a) and MPEP 402.
